PRELIMINARY AMENDMENT

Application No.: 10/782,638

Filing Date: 2/19/2004

Art Unit: 3762

Atty. Docket No: Hairfield

Title: WATER ELECTRODE

Amendment to specification page:

- Under section entitled "DETAILED DESCRIPTION OF THE DRAWINGS", page 8, line 5, currently reads "...anode 3 to the cathode 3...". The way it should read is, "...anode 3 to the cathode 2..." This mistake was a typo.
- Under section entitled "Nominal Instructions For Use", page 9, line 25, under a separate bullet point, insert the following text:

Immediately before a foot bath session, you may choose to drink 16

ounces of Silver Wonder™, a liquid dietary supplement.

Note: the inserted bullet point should proceed the bullet point that starts with "Start the machine at 1 amp..."
